

Senate Bill 1108 provides \$632 million for COVID Relief - Long-Term Living Programs. House Bill 2510 outlines that \$50 million of that amount is to be used for personal care homes and assisted living residences. Funding is provided in two distributions. First, \$45 million is to be distributed to personal care homes and assisted living residences based on the occupancy of the facility as of the most recent Department of Human Services (DHS) inspection. Second, \$5 million is to be distributed to personal care homes based on the number of individuals for whom the facility received a state supplemental security income payment in March 2020.									
This is an estimate of how both distributions will be made. Actual distributions will be determined by DHS based on DHS data.									
Facility Name	County	Type of Service	Capacity	Census	Percent of Total Census	Estimated Portion of \$45 million Based on Occupancy	SSI	Percent of SSI Residents	Estimated Portion of \$5 million based on SSI Supplement
